

Boil Water Notice Rescinded
February 2, 2026

On January 28, 2026, the Texas Commission on Environmental Quality required Western Cass Water Supply Corporation public water system, TX0340066, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the Quality of the water distributed by the public water system used for drinking water or Human consumption purposes and provided TCEQ with laboratory test results that indicates that the water no longer requires boiling prior to use as of February 2, 2026
